BVFD Notes

It seems like it is either feast or famine around the BVFD. We went from 48 emergency calls in August, to only 20 in September. We spent 36 Man-hours responding to 14 EMS calls, 1 Vehicle Fire, 2 Vehicle Accidents and 3 Miscellaneous calls for Citizen Assists and a Alarm Malfunction. The members also spent 23 man-hours performing station and vehicle maintenance with their assigned duty crew.

When Halloween rolls around, kids can't wait to get out and roam in search of candy and treats. Knowing a few tips to help keep them safe will make this night more fun.

- For greater visibility during dusk and darkness, decorate or trim costumes with reflective tape that will glow in the beam of a car's headlights.
- To easily see and be seen, children should also carry flashlights.
- Costumes should be short enough to prevent children from tripping and falling.
- Apply a natural mask of cosmetics rather than have a child wear a loose-fitting mask that might restrict breathing or obscure vision. If a mask is used, however, make sure it fits securely and has eyeholes large enough to allow full vision.
- Swords, knives, and similar costume accessories should be of soft and flexible material.

Buffalo Police Department GTSB Seatbelt Observation Survey

The Buffalo Police Department conducted its annual seatbelt observation survey in conjunction with the Governor's Traffic and Safety Bureau. The department completed a total of four observational surveys for the project, two in March 2011 and two in August 2011. The goal of the project is to increase

safety belt usage and awareness among motorists. The survey is conducted at key sites and times within the community, generally one to two areas with a high volume of traffic. Officers observed one hundred vehicles at these locations each time and recorded safety belt usage for both drivers and front passengers. The following data was obtained from the survey.

The first study was conducted on March 3, 2011 from 8:00 am to 9:00 am at 400 W Front Street, Buffalo, IA. 100 vehicles were observed with 112 occupants. 102 of the 112 occupants were observed wearing safety belts, or a 91% usage rate.

A second study was conducted on March 31, 2011 from 6:30 pm to 7:30 pm at 400 W Front Street, Buffalo, IA. 100 vehicles were observed with 123 occupants. 116 of the 123 occupants were observed wearing safety belts, or a 94% usage rate.

The third study was conducted on August 4, 2011 from 5:30pm to 6:00pm at 400 W Front Street, Buffalo, IA, 100 vehicles were observed with 113 occupants, 110 of the 113 occupants were observed wearing safety belts, or a 97% usage rate. The fourth study was conducted on August 27, 2011 from 5:00pm to 6:00pm at 400 W Front Street, Buffalo, IA. 100 vehicles were observed with 132 occupants. 127 of the 132 occupants were observed wearing safety belts, or a 96% usage rate.

Overall 400 vehicles were observed with 480 occupants, Of those occupants, 455 were observed using safety belts which is a 95% usage rate. The department worked hard over the year to increase the percentage of motorist using safety belts, We are proud of the results, as they showed progress, and will continue to work hard towards increasing this number. The department would like to thank the community for their support and efforts during the course of this project.

BUFFALO TRIVIA QUESTION OF THE MONTH:

What was the name of the gentleman, born in Belfast Ireland, coming to Buffalo in 1852, being one of the first Coal men in Iowa?

ANSWER TO LAST MONTH'S TRIVIA QUESTION:

The gentleman who brought his skill of the cooper's trade to Buffalo in 1858 was Christian Metzger, born in Baden Germany. A cooper is someone who makes wooden staved vessels of a conical form, of greater length than breadth, bound together with hoops and possessing flat ends or heads. Examples of a cooper's work include but are not limited to casks, barrels, buckets, tubs, butter churns, etc.

GENERATIONS AREA AGENCY ON AGING TO HOST

"Family Caregiver Open House"

on Monday, November 21st

anytime from 7 am to 6 pm

935 E. 53rd Street, Davenport

November is National Family Caregiver Month

Family Caregivers:
Something to Celebrate

- Almost 66 million Americans are family caregivers. They include devoted spouses, parents, and children who serve as nurses, home health aides, paralegals, and financial advisors for their loved ones. These remarkable people voluntarily provide services valued at about \$375 billion annually. They are the bedrock of our Nation's long-term care system.
- Although most caregivers view their work as rewarding, many experience significant stress and negative health impacts. To help alleviate the toll that caregiving can take, family caregivers need supports and services that safeguard their health and emotional well-being as provided by the Iowa Family Caregiver Program facilitated through Generations Area Agency on Aging.

Are you a family caregiver?

- Do you pay your dad's bills and take him grocery shopping?
- Do you work and take care of your live-in mother?
- Do you provide care for your husband with Alzheimer's?
- Do you look out for your neighbor, provide rides to the doctor or care of their lawn and sidewalks?
- Do you help anyone maintain their independence?

People don't always realize that they ARE Family Caregivers. Make the connection to information and services that can help YOU and the people you are caring for.

Stop by for a minute or an hour and receive information and assistance available programs and services that will assist you in your caregiving role.

Refreshments will be served.

On-the-go info packets will be available for those caregivers on the run for those that have time; Family Caregiver Specialists will be available for conversation.

The below comment was submitted for publication:

As a citizen of Buffalo, I'm writing about the Buffalo Gazette. I think the paper is a good thing for the people of Buffalo, but there is a certain section that needs to be addressed. I think the seniors would like or want more information about stuff for seniors, example, where and when they can get the flu shots, help on heating bills, computer lessons, medical care. CASI has programs that is open to the public, Gloria Fisher has a column in the newspaper that tell about senior events. These items should be put in the paper a month ahead of time. When the paper is put out in the middle of the month, these events are over. This would help seniors plan on going. When seniors are paying taxes and utility bills they have the right to know they are paying for the Gazette. It's really poor judgement to talk about your self and your family, and your animals, this section is for seniors not your self. Seniors need to know what is available for them.

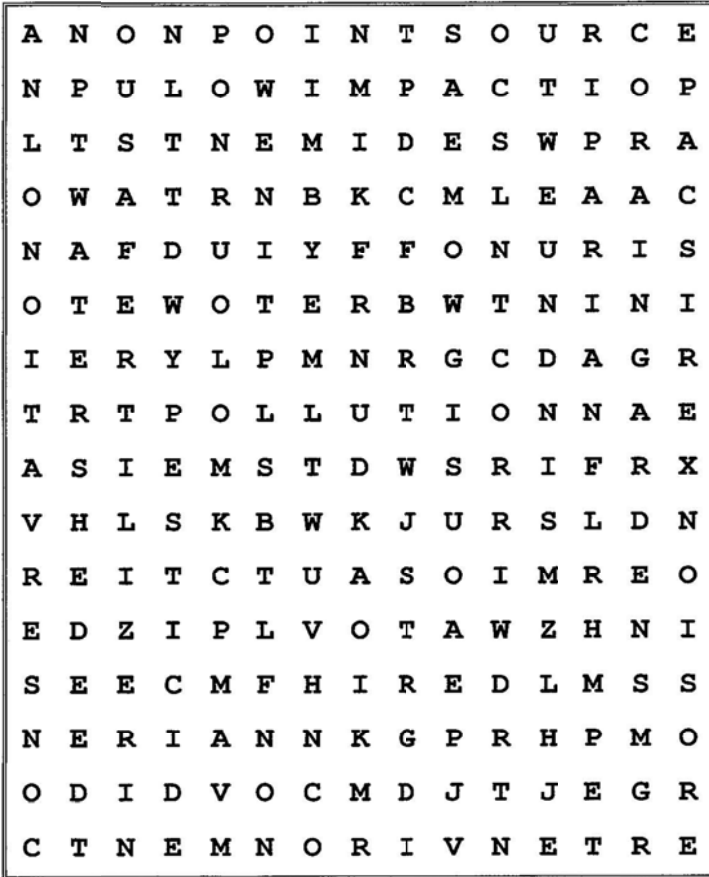

Signed concerned citizen of Buffalo

Response: Thank you so much for your comments. Constructive criticism is always welcome. We are truly sorry that you do not enjoy the Senior Moments section of this paper. Many people do, including Gloria Fisher, mentioned above, as she has called to say so on more than one occasion. We do try to provide the information that you have suggested in other parts of the paper, but the Senior Moments section is meant to be an expression of Dana Jo. Dana did start this paper over 10 years ago. Anyone that knows Dana Jo, knows that the items, of which you consider "poor judgment" of which to write, are her passion for life. We will continue to provide your requested info in other sections of our paper, as it is available to us from GENAGE and other sources. Also, this paper is not funded by the City of Buffalo. It is strictly volunteer. I hope that this response to your comments aids in your understanding of our paper, and that you will continue to enjoy. **We will try to do better!** Thank you for your comments. Chris Carson

New; from Echo Bluff Ranch, BUFFALO IA

Echo Bluff Ranch was officially introduced in last month's edition, even though it has been here for many years. This small farm was once owned by Max Hoffbauer. Max raised race horses (harness) on the property between 1900 and 1908, when he moved to Texas. I was fortunate to discuss this with his daughter Marian, who was still living at the time in California. The Hoffbauer's were a prominent

family in Buffalo, with father Hugo owning the brewery, located where Kelly and Louis Sheffler now live. After prohibition, son Louis Hoffbauer took over the business and operated it as a soda factory. If you are lucky, you can find some of the rare bottles from this operation, pictured here. The store pictured, located on Front Street, is where they sold the wares. The Hoffbauers were involved in many other activities in Buffalo. Now back to present time, and what Echo Bluff Ranch is: To the left is pictured Smoke, our loyal 30 year-old horse, ridden by Steve Thornton. Steve and I live here and work very hard to preserve our simple way of live and to continue to be good neighbors and an asset to Buffalo. Beautiful views of the river and other scenes can be seen from this property. I hope you enjoy our updates about our little farm....**more to come next issue.** www.echobluffranch.com

SENIOR MOMENTS

The big news is that Buffalo got the IDOT Developing and Maintaining recreational Trails. **BUFFALO TO WILD**

CAT DEN ROAD MISSISSIPPI RIVER TRAIL FOR \$108,500. This is Great news! To River Action and Trail committee and those behind the scenes: **THANK YOU** for helping us with our Dream.

Oct 2nd The Calvary Lutheran church did their "Adopt a Highway" Ditch Cleanup along Y-40. I got there in time to take a photo of what they picked up(see Photo) . Cleaners included Alex Loeffelnolz, Shianne Thiessen, Areona Hesseltine, David Austin -Brittany- and David Vick, Jack-Davin-and Dylan Fiegel, Matthew Scherer, Pastor Jane, Jodie and Carolyn McGuire.

Olin and I attended the Iowa League of Cities Convention in DesMoines on Sept 21-23rd. We both did the service Project Wed morning at the City Hall transplanting flowers. I brought back a lot of information and photos and left in back of Council room on the shelves for citizen to look thru and enjoy. I could see the State Capital from the 7th floor of the Quality Inn and the river and trails. The walk along Greys Lake on Thur morning was great and I learned the very long bridge was made from donations. (Little metal memorials that are engraved and everyone can see all along both sides of the bridge). Much like the Bricks being laid at the Historical Museum here in town. Do you have one yet?

The **BUFFALO PUMPKIN PATCH** will be going strong all month and you can see lots of changes from the highway. There are plenty of animals such as Ponies, donkeys, mule, horses (many American Whites) , young steer, 2 Holstein Bottle Calves, Milk Goats, many types of KID goats to feed and pet, all types of pigs (Ginny, potbellied, Hamps,) , Baby Chickens, rabbits, and rides on the weekends on Scooter the Mule, Pony or Goat Cart, minis, etc. There is a straw castle, MAZE, Hayrack Rides, Food, and wonderful Vendors with Pumpkin Bars, Face Painting, and CRAFTS for children and adults. all that heard him. Our Buffalo Library will also be getting the DVD of the movie. With all the interest in baseball and our city park getting updated, we will see more children , games and events at the park. You can see more at www.kentstock.com (photo with Kent in Desmoines ILOC)

The State Recreational Trails Program was created in 1988 with the purpose of developing and maintaining recreational trails and trail-related facilities for both motorized and non-motorized trail users. The Buffalo to Wild Cat Den Road Mississippi River Trail was one of the 12 State Recreational Trails Program projects that were approved by the Iowa Transportation Commission on Oct. 11, 2011.
